APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion and place of use of a portion of the waters of an underground source as heretofore granted under Permit 28054, Certificate 9207, is issued subject to the terms and conditions imposed in said Permit 28054, Certificate 9207 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of the water begins or before the proof of completion of work is filed. If the well is flowing, a valve must be installed and maintained to prevent waste. This source is located within an area designated by the State Engineer pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times.

The total combined duty of water under Permits 28054, Certificate 9207; 60080 and 67977 shall not exceed 600 acre-feet annually

The total combined duty of water under Permits 19881, Certificate 6572; 19883, Certificate 6229; 19884, Certificate 6230; 28054, Certificate 9207; 28192, Certificate 8768; 29213, Certificate 9199; 29214, Certificate 9200; 29215, Certificate 9201; 29216, Certificate 9202; 60080; 67977 and Temporary Permit 69396-T shall not exceed 4599.9 acre-feet annually.

A monthly report shall be submitted to the State Engineer within 10 days from the end of each month which shall include the amount of water diverted from this well in addition to the amount of water diverted from any other wells or surface diversions used in conjunction with the Tracy Power Plant.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.
